

Youth Works Showtime Workshop:
Five Dreams
Searching for Tess

Written and Directed by Heather Cambanes
(A professional actress, who just finished her first year teaching/directing Youth Works Summer Camps.)

Tess Mitchell is moving! Her mom got a new job and they are moving to the big city where she has to give up her backyard pool and large bedroom. Apartment living, new school...new neighbors! Something or someone has got Tess lying awake at night. What is that noise? What could they possibly be doing? Should she ask them to stop? Maybe the answer will come to her in a dream. Whatever it is, she can't figure it out...and she won't sleep until she knows what they are up to.
